“Do not go where the path may lead; go instead where there is no path and leave a trail.” -R.W.E.

30 years from now it won't matter what grades you got. What will matter is what learned and how you used it.

Staff Spotlight

This week's staff spotlight goes out to the amazing StationArts teachers and all of the unique, creative, and spectacular work they pull out of our BSHS students every day. This work is displayed in our hallways, classrooms, offices, auditorium, and this past week, at the KMEA assessments at UK. I am very proud of our students and StationArts teachers and have been bombarded with emails from parents about all the great things we have going on with our Arts programs. Please take a moment this week to congratulate our students for all the #defendingstation they do as well as the teachers that guide them. Job well done!
